**INVITATION FOR PARTICIPATION RE-TENDERING OF BID NO:
(11/M/WORKS/2026)**

**TECHNICAL SERVICES FOR OPTIMIZATION OF OIL AND PETROLEUM
PRODUCTS STORAGE CAPACITIES IN JORDAN**

The Ministry of Energy and Mineral Resources invites qualified local and international companies specializing in technical services related to enhancing the efficiency and capacity of oil and petroleum products storage in the Hashemite Kingdom of Jordan to submit their proposals.

The objective of this project is to assess the existing storage capacities, identify future storage requirements, explore strategic and commercial opportunities, and develop an optimal strategy for expanding oil and petroleum products storage facilities in accordance with international best practices.

Minimum Requirements

- At least **10 years of experience** in oil sector consulting projects.
- Details of at least **three similar projects** completed within the last **10 years** in Engineering Consultancy. These projects must demonstrate expertise in petroleum products storage studies, strategic reserves planning, storage capacity optimization, energy infrastructure development, feasibility studies, master planning, and technical and economic assessments.

Interested bidders requested to submit any clarification within 5 days from the date of publishing the tender starting from 15/10/2026.

Date

2. In the event that the bidder is a Joint Venture/Consortium, the Leader of the Joint Venture/Consortium must be designated in accordance with the Joint Venture agreement or letter of intent, and the Bid Security must be issued in the name of the Joint Venture/Consortium. If a member of the consortium withdraws during the bid evaluation stage, the submitted offer will be rejected.
3. If bids are submitted as a consortium, the names of the consortium members must be stated in the bid bond. Failure to do so will result in the bid being rejected. (A sample bond is attached to the procurement documents)
4. The procurement documents, technical offer, and financial offer must be stamped and signed by the bidder (whether a company or a consortium).
5. Any bid not accompanied by the required Bid Security will be rejected.
6. **Any bid shall be disqualified if the Bid Security does not comply with the attached Bid Security Form and the requirements specified in the procurement announcement and procurement documents. Bank checks shall not be accepted as a form of Bid Security.**
7. The bidder must verify with the bank, prior to receiving the Bid Security, that it strictly complies with the attached form and the terms and conditions set forth in the invitation and procurement documents.
8. The Technical Proposal shall be submitted in a separate sealed envelope clearly marked "Technical Proposal." The Financial Proposal shall be submitted in a separate sealed envelope clearly marked "Financial Proposal." The Bid Security (Bank Guarantee) shall be submitted in a separate sealed envelope. All of the above envelopes shall be enclosed in one outer sealed envelope clearly marked with the Tender Name, Tender Number, and the name of the Bidder, whether a company or a Joint Venture/Consortium.
9. The Technical Proposal shall not include any financial information. A Technical Proposal containing financial information may be declared non-responsive.

Further details regarding this tender can be accessed through **MEMR's official website** (www.memr.gov.jo) under the **Tenders** section.

The deadline for submission of the technical and financial proposals is **25/10/2026 at 14:00 PM** (Jordan Time) and must be submitted to the main building of the ministry of energy and minerals resources fifth floor- tenders section.

Best Regards

Head of Special Tendering Committee

Secretary General of the Ministry of Energy and Mineral Resources
Eng. Amani Al-Azzam
